

Kandel Solar Providing Complete Solar Solutions For Domestic & Industrial

ESTIMATED PERFORMANCE & SAVINGS

- **Monthly Power Generation: 300 – 450 Units**
- **Annual Power Generation: 3,600 – 5,400 Units**
- **Estimated Annual Savings: ₹22,000 – ₹40,000 (approx.)**
- **System Life: 25+ Years**
- **Payback Period: 3 – 5 Years (Approx.)**

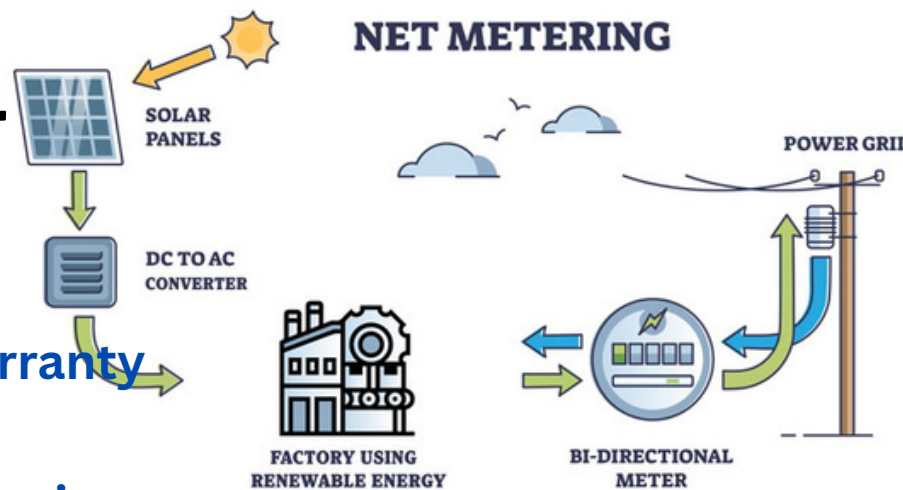

Proposed System Configuration

3KW DOMESTIC

- **Type of System:** Grid-Connected Rooftop Solar Power Plant
- **Proposed Capacity:** 3 kW
- **Solar Panels:** High-Efficiency TOPCON / BIFACIAL Modules
- **Inverter:** On-Grid Solar Inverter with Monitoring
- **Mounting Structure:** JI Aluminium

WARRANTY & SUPPORT

- **Solar Panels:** 25 Years Performance Warranty
- **Inverter:** 5–10 Years Warranty (extendable)
- **After-Sales Support:** Ongoing service & maintenance support available 5 YEARS

Sub:- ESTIMATE AND TECHNICAL SPECIFICATION FOR SOLAR POWER PLANT 3 KWp ONGRID.

Dear Sir,

Kandel Overseas Private Limited stands at the forefront of the renewable energy revolution, delivering unparalleled expertise and innovative solutions in the solar energy sector. Headquartered in Dehradun with a strategic incorporation in Delhi, our company has established a formidable presence across Uttarakhand.

Our portfolio encompasses a diverse range of services, including the design, installation, and maintenance of cutting-edge solar power plants. We cater to both commercial and domestic sectors, ensuring that our clients receive customized solutions tailored to their specific energy needs.

As an esteemed participant in the PM Surya Ghar Muft Bijli Yojana and a registered vendor with UPCL, Kandel Overseas Private Limited is committed to driving the adoption of renewable energy across India.

We request you to kindly consider our proposal for the installation of the solar power plant in your projects should you have any Queries or require further information our team is ready to assist you thanks you for your consideration.

Thank You
With Best Regards
Kandel Overseas pvt. Ltd

S.No	Description	Proposed Make	Qty.
1	SPV Modules Topcon / Bifacial	Adani / UTL / Havells / Any MNRE Approved	3 kW
2	Module Mounting Structure MS (Galvanized Iron 80 micron)	Apollo / JSW	As per Design
3	Inverters 3kW string / PCUs or suitable model	UTL / Luminous / Microtek / Havells	As per Design
4	PVC insulated UV protected DC Copper cable	Havells/MNRE	As per Req
5	AC Distribution Board IP65	Havells/MNRE	As per Req
6	AC LT Power Cables Armoured 6mm 4core	Havells/MNRE	As per Req
7	DC Power Cables Armoured 6mm	Havells/MNRE	As per Req
8	Earthing Power Cables Armoured 6mm 4core	Havells/MNRE	As per Req
9	PVC insulated UV protected conduct Pipe	Polycab/MNRE	1 NOS
10	Earthing set complete with earth rods/chemical	True Power/Reputed	As applicable
11	Accessories (HDPE, conduit, ties, tapes)	Polycab/MNRE	1 NOS
12	Design & Engineering of complete plant	Kandel Solar	1 NOS
13	Installation, Testing & Commissioning Charges	Kandel Solar	As applicable
14	Bio Directional Meter (Net Meter)	L&T	1 NOS
15	Net Metering, Documentation, Stamps Duty	Kandel Solar	1 NOS

Commercial Details for 3 kWp Project			
1	Supply, installation, testing and commissioning Capacity: 3 kWp	Rate 60.87 INR/Watt	Rs. 1,82,609 Inclusive of freight
2	GST (Goods and Services Tax): 5% on Modules/Inverter & 18% on Balance		Rs. 27,391 Inclusive of freight
3	Total Amount with GST	Rate 70.00 INR/Watt	Rs. 2,10,000 Inclusive of freight

Warranty:

1. PV modules: limited performance generation warranty for 25 Years.

TERMS & CONDITIONS

1. **1. Payment Terms** Advance Payment: 10% of the total project cost is payable at the time of order confirmation. Dispatch Payment: 70% of the total project cost must be paid before dispatch of materials. Final Payment: 20% of the total project cost is payable immediately after installation and commissioning.
2. **Accepted Payment Methods:** Payments must be made through online bank transfer (NEFT/RTGS), UPI, or cheque in favor of the company. Cash payments will not be accepted under any circumstances. Customers are strictly prohibited from making any payment to sales representatives or third parties. The company will not be responsible for such payments. Customers must ensure that payments are made only to the company's official account, and a valid payment receipt is obtained.
3. **2. Delivery & Installation :** Installation will be completed within 15 days from the date of material dispatch. Any delays due to natural calamities, strikes, government restrictions, or unforeseen circumstances will not be the company's responsibility. Installation will be conducted as per industry standards and government norms. Any custom modifications requested by the customer will be at their own risk and may void warranties.
4. **3. Warranty Policy:** Solar Panels: 25-year performance warranty as per manufacturer terms. Inverter: Warranty between 8 to 10 years, depending on the brand and model. Project Workmanship: 5-year warranty, provided by the vendor. Warranty will be valid only if the installation follows prescribed standards. Any unauthorized modifications or improper maintenance may void the warranty.
5. **4. Maintenance & Upkeep** The customer is responsible for cleaning and maintaining the solar panels. Poor maintenance can lead to reduced efficiency and may affect warranty claims. The company offers AMC (Annual Maintenance Contract) at an additional cost for regular servicing.
6. **5. Ownership & Customer Responsibility: Ownership of the solar system transfers to the customer only after full payment is received. After installation, the security, maintenance, and upkeep of the system are the customers responsibility.**
7. **6. Government Subsidy & Regulatory Approvals** The company assists in subsidy applications under PM Surya Ghar Muft Bijli Yojana but is not responsible for: Delays in subsidy disbursement. Rejection of applications by government authorities. Technical issues in government portals. The company will guide the customer, but final responsibility lies with the respective government department.
8. **7. Net Metering & DISCOM Approvals** Net meter installation, DISCOM approvals, and grid connectivity are handled by government agencies. Any delays or rejections by these agencies are beyond the company's control. The customer must wait until approvals are completed. The company will assist in the process but will not be liable for delays.
9. **8. Liability & Limitations** The company shall not be responsible for: Natural calamities (storms, floods, earthquakes, etc.). Government policy changes, strikes, or third-party disruptions. Delays due to customer's failure to complete necessary documentation. Any damage to the solar system post installation is the customer's own responsibility.
10. **9. Sales Promises & Unauthorized Commitments** The company will only be bound by official agreements and documented commitments. Any verbal or written promises made by sales representatives, agents, or third parties regarding: Additional discounts beyond company policy. Faster installations beyond standard timelines. Guaranteed subsidy approvals. Custom modifications outside standard installation norms. Any financial or payment relaxations. Shall be considered invalid and will not be the company's responsibility.
11. **10. Support & After-Sales Service** One free system check-up within the first 5 years is included. Additional servicing and repairs will be provided under AMC (Annual Maintenance Contract) at an extra cost.
12. **11. Force Majeure**
13. **11. Legal & Dispute Resolution** In case of any disputes, legal jurisdiction will be Dehradun, Uttarakhand.
14. **12. Cancellation & Refund Policy** No cancellations are allowed after material dispatch. If an order is canceled before dispatch, administrative charges will be deducted from the refund amount.
15. **13. Confidentiality & Data Protection** All customer data and project details will be kept strictly confidential and will not be shared with any third party without consent.
16. **Consignee Responsibilities** The consignee is responsible for the security of the items at the site. The consignee must provide electrical supply near the required installation point.
17. **Acknowledgment & Agreement** By proceeding with the project, the customer acknowledges that they have read, understood, and agreed to the above terms and conditions.
